To Whom It May Concern:

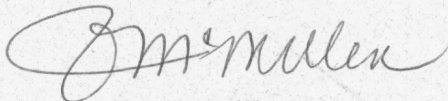

We currently utilize Donley Building Services for our janitorial services and I can say without hesitation they are the best service I have used throughout my 25 years as an office manager.

Everyone at Donley Building Services are very polite, hard working, honest and are always willing to go that extra mile to insure our suite is kept clean and orderly.

Our suite occupies 31 employees in a very tight space which requires a lot of extra cleaning. They not only clean our suite but they also make sure that they do not harm or damage anything in our suite. For example they carefully remove the trash without spilling it all over the floor and staining our carpet and floors. Other services we have used in the past have stained and ruined our floors. If something needs to be repaired or replaced they let us know.

I would strongly recommend Donley Building Services for any janitorial needs you may have. If you would like to speak to me personally please do not hesitate to call me at 636-949-3894.

Sincerely,

Judy McMillen
Office Manger
